

Offshore Cargo Baskets

Uniteam Offshore Cargo Baskets are useful cargo carrying units, suitable for transport of a variety of different goods. Uniteam delivers a wide range of cargo baskets certified according to the DNV 2.7-1/EN 12079 standard. Cargo baskets produced in China are certified by Lloyd's Register, and their size can reach to 23m.

Pipe baskets are delivered in lengths of 3 meters and up. The Company's product range of hatch baskets comprises lengths of 2, 3 and 6 meters.

Uniteam baskets are treated and painted according to the NORSOK M-501 for the use of products in highly corrosive environments. Sand blasted SA 2,5 in accordance with ISO 8501-1.

The products have great lifting capacity and comprise latching points inside.
